

Technical Data for QLW Series

Base Material	Frosty Clear Vinyl printed white
Base Material Thickness	3.8 mil (0.097 mm)
Adhesive Type	Permanent Pressure Sensitive Acrylic
Adhesive Strength (stainless steel, 72hr dwell)	50 oz./in., (550 N/m) Average
Temperature Range	-40°F to 176°F, (-40°C to 80°C)
Storage Life	2 years stored at 70°F and 50% R.H.

TDS-QLW

Product Performance and Suitability

All of the descriptive information and recommendations for the use of Advanced Calibration Label products should be used only as a guide. Furnishing such information and recommendations shall in no event constitute a warranty of any kind by Advanced Calibration Label. All purchasers of Advanced Calibration Label products shall independently determine the suitability of the material for the purpose for which it is purchased. No distributor, salesman, or representative of Advanced Calibration Label is authorized to give any warranty, guaranty, or to make any representation in addition or contrary to the above.
